

Goals 2023-24

Upgrade to Server 2022

New Database Storage devices ordered and installed

Automate additional system management functions

Restructuring of alert notifications - clean up, consolidate and put the ability in hands of counties and agents

Apex Enhancements

Integrate Additional CeRTNA Counties with G2G Agencies

Successfully Complete CeRTNA Admin Audit

Move Counties to Virtual Machines rather than Individual Workstations Where Applicable

Move LRMS Vendors to Remote Folders Where Applicable (Hosted Services)

Brett's Exit Strategy

Update Wiki Information

New CeRTNA Logo

Renew State Agency Contracts

Audit Submitters For Non-Activity

Accomplishments 2023-24
